Women's Caucus Group

An integral part of the culture at Jaffe is the Women's Caucus Group, whose mission is to help women at the firm maintain a healthy work-life balance, participate in community outreach events, and gain valuable business and self-marketing skills. With over 50 members, the group is comprised of a collaborative, collegial team of women attorneys, paralegals, and staff members who are committed to building strong relationships while educating and advancing women in the legal profession.
