Tax-Exempt Organizations

Jaffe's Tax-Exempt Organizations practice group provides skillful advice and strategic guidance to tax-exempt organizations of all types, from large corporate foundations to community organizations to chambers of commerce, social clubs, and emerging charitable entities. Our team is comprised of attorneys with nonprofit management training, coupled with broad business, securities, and nonprofit law and governance acumen. This unique blend of training and expertise places your enterprise in the best hands from its inception. We pride ourselves on constructing innovative solutions for each of our clients' needs to ensure that resources are used efficiently and opportunities are maximized for the benefit of both the community and the investor.
