

# CONSTRUCTION & DEVELOPMENT

## CONSTRUCTION & DEVELOPMENT LAW

Williams Parker was founded in 1925 at the height of the Roaring Twenties' Great Florida Land Boom, successfully navigated the Great Depression, and has enjoyed growth ever since. Our firm's impact on the real estate community includes the development of many well-known and highly regarded residential communities, including The Meadows, The Landings, The Plantation Gold and Country Club, Palm Aire, Colonial Oaks, Pelican Cove, Bird Bay, and much of Longboat Key and Bay Isles. The skyline of southwest Florida was written—in legal terms—by our firm. From lenders to developers, Williams Parker has profound experience in the acquisition, financing, development, and disposition of commercial and residential properties.
